YOUR GUIDES

HANNAH & KASHI

Between the both of us we have guided 100s of sacred ceremonies, initiation rites, retreats, journeys and gatherings around the world. The first time I met Kashi she told me she could see us going to Egypt together and a year later here we are... This was not part of my plan this year but spirit had an uncanny and humorous way of making it clear this is where we are meant to go next. We know this is going to be a big trip for us personally and therefore we only want to call in the most aligned group to join us. If that's you, you will feel it in your bones.

OUR GUIDANCE

Hannah & Kashi's unique alchemy will be to hold a supercharged, safe and responsive space for the groups initiatory path.

Hannah channels with the ancestors & has the ability to see you in your highest light to support your unique souls path in this lifetime. She holds the energy of the divine mother & wise grandmother to support you in finding your inner strength and conviction, to rise in your power & to trust your own guidance.

Kashi's transmissions are channeled through embodied experience, combined with her ability to feel the field and respond with the medicine required in the moment, and her activations offer safe spaces to dive into inner intimacy, alchemy and union, through activating sensuality, eros and unconditional love to invoke the divinity within.

Hannah & Kashi are available for 1:1 support before for preparation, during to support your journey (limited capacity), & after for integration at special retreat rates. Inquire upon booking.

OUR LOCAL HOSTS

Katy Noura Butler

We will receive temple teachings from Katy & you have an opportunity for 1:1 tarot readings in her beautiful home overlooking the pyramids, where we are served fresh organic meals 3 times a day.

'I first learnt of Katy 9 years ago as a friend shared about her mentorship & teachings around Egypt & the tarot. I was told then that she is the only western woman to have a temple space overlooking the pyramids - and I knew then that one day I would have to meet her... fast forward to today, we connected and immediately felt the journey towards Egypt opening up. Katy read my cards & helped me understand deeper the path with Isis that is beckoning me forwards, I felt seen on a soul level & cannot wait to stay in her space and receive deeper temple teachings' - Hannah

A seasoned practitioner of the art of Tarot for the last fifty years. Katy has worked as an actor on the London stage, international cabaret singer, fashion designer, shopkeeper, writer and teacher of the Mysteries.

For the last thirty years she has divided her time between her private practice in London and running the Sacred Egypt Mystery School at the Pyramids of Giza with her Egyptian husband, family of adopted children and beloved animals, including a healing sheep named Rashida.

Katy is the author of the 'Egyptian Path of Love' and her magnum opus, the Egyptian Star of Life, a temple training system based on the sacred marriages of the Egyptian gods and the Tarot.

Kashi connected with Akara first online & was immediately drawn to her radiance & priestess energies. When learning that she holds a temple space in Luxor we knew we had our second guide & she has designed the most incredible itinerary for us, with local and private access. We are staying in her Airbnb's, a traditional felucca boat together & one hotel, with guidance to the best restaurants & local healers.

We have the opportunity to join a magic mushroom and blue lotus ceremony with Akara under the stars on our private boat.

THEMES WE WILL EXPLORE

Sacred Partnership

Ancient Egyptians honored the sacred balance between masculine & feminine and the importance of divine union.

With Katy Noura Butler we will explore the Egyptian path of love & the Egyptian Star of Life, a temple training system based on the sacred marriages of the Egyptian gods and the Tarot.

Queen codes

'We will watch the sunrise from the Temple of Hatshepsut on the West Bank. Hatshepsut was one of the most powerful female pharaohs and a great builder. Her mortuary temple is absolutely exquisite and carries powerful signatures for financial empowerment. If you have prayers or intentions for manifestation, career growth or building something substantial in your life, I suggest writing these down and bringing them with to this temple with offerings (I also suggest we go at sunrise - because it's really stunning to witness sunrise from the temple before the crowds arrive.)' - Akara

Priestess Initiations

'We'll drive out to the secret desert Temple to Isis that very few people know about to engage in ceremonial ritual and meditation. The temple is normally empty and we know the guards so we can have our own space here. It's very special.' - Akara

Kashi will be sharing sacred yoni egg activations to harness our inner power. Hannah will be channelling with the temple & teleporting us with ancestral song.

Kingship

'We'll take a boat trip across the Nile to Karnak Temple. Karnak was the Ancient Egyptian capital and center of the Egyptian religion/ rites of Divine Kingship. Here the stones speak and the soul moves! We'll tour the mighty temple complex and visit the secret temple of Sekhmet - which contains her cult statue for private activations.' - Akara

Motherhood & Divine Love

'We will arise early for a day trip to the the Temple of Hathor, Dendera & Abydos, and Temple to Osiris - two of the most sacred temples in all of Egypt. We'll start with a tour of the Ancient Egyptian Mother Goddess of Love, Music, Fertility & Creative Inspiration's domain in Dendera. The Ancient Egyptians believed this was the birthplace of All Creation. A veritable "Garden of Eden."'

Then the Temple to Isis, Philae on an island in the Nile River. This Temple is full of incredible love and has a deep heart-healing energy in honor of the Goddess of Motherhood, Magic & Divine Love.' - Akara

Primal Masculinity

'We will tour Sensila Temple - learning about ancient Egyptian building techniques and the crocodile God Sobek as the primal masculine fertility deity.

Kom Ombo is a temple for integration of the Light & Dark masculine. The temple is "mirrored" with a Sanctuary to Horus and a Sanctuary to Sobek facing each other. integrate any shadow work here - especially centered on Divine & Primal Masculinity.' - Akara

Cycles of Time

'To the Temple of Horus at Edfu. This temple contains more hieroglyphic writings than any other temple in Ancient Egypt and tells the story of Egypt's origins as a "survivor culture" from an earlier civilization that was destroyed in a Great Cataclysm. You'll learn about the mysticism of the temple's writings, the story of Horus & Set & the power of Edfu as a temple that brings us into our power through cycles of time (Hor-RA - the hour revealed!).' - Akara

EXPERIENCES

Just some of the experiences we are exploring...

Private felucca boat

A felucca is a traditional Egyptian wooden sailboat, that we will have to ourselves, to navigate to where we choose for 4 days. This allows us to get first access to temples at sunrise & the freedom to swim and stop where we want. We will all sleep together on deck underneath the stars, engage in daily rituals and ceremonies, and we will be served full spreads for breakfast, lunch and dinner on deck.

Blue Lotus

Blue lotus will be one of our guides on this journey, A symbol of life and immortality, the blue lotus was believed to provide a spiritual connection into the afterlife and offer communication with the divine, as was mentioned in the 'Egyptian Book of the Dead'. It is renowned for its medicinal qualities, which range from aphrodisia to pain alleviation, treating depression and anxiety, and even settling upset stomachs. It is also used to treat insomnia.
